Under wells, in line 7 after 1905 add the following :—

"Since the scarcity of 1907-8 the number of masonry wells has considerably increased, great attention having been paid to distribution of takavi for this purpose.

Up to date (July 1915) 1,812 new masonry wells built from takavi have been completed and 1,460 are at present under construction."

Page 51.

At the end of the first paragraph add the following:—

"The scarcity of 1907-8 was the result of inadequate monsoon rains during the kharif of 1907 and of poor winter rains during the following rabi. Relief operations were necessitated. The Babrala-Gawan road was opened as a test work and several aided works were also undertaken. The portions of the district chiefly affected were tahsil Gunnaur and the *bankati* circle in tahsil Dataganj. Gratuitous relief amounting to Rs. 22,552 was distributed. The cost of aided works was Rs. 14,361, and of civil works Rs. 2,496. Rs. 6,02,104 were distributed as takavi under Act XII of 1884.

The next scarcity from which the district suffered was that caused originally by insufficient monsoon rains of 1913 and subsequently by the failure of winter rains in 1913-14. These had badly affected both kharif and rabi of 1321 Fasli. The scarcity was declared on 18th January, 1914, and operations were undertaken immediately in the greater part of Dataganj tahsil, the whole of Bisauli and pargana Budaun with a few adjoining villages of pargana Ujhani and pargana Sahaswan. Two test works were opened at Bisauli and Miao Hazratpur and a number of aided works were undertaken at a cost of Rs. 46,497. Rs. 10,203 were distributed as gratuitous relief. Relief was partly discontinued in July and finally closed on 15th August.

Rs. 11,06,061 were distributed as takavi under Act XII of 1884."

Page 59.

In line 10 after "for the occasion" add the following :—

"Just after the Kakora fair an exhibition is now held at Budaun by the Budaun agricultural and Industrial association, the object being the encouragement of commerce and industries of the district. The expenses of the exhibition are met by the funds of the association supplemented by general subscriptions and donations raised for the purpose."

Page 63.

At the end of the first paragraph after "a reference to the map" add the following :—

"A metalled road has been constructed from Budaun to Dataganj and another from Budaun to Sheikhupur. The latter was constructed by subscriptions given by the Sheikhupur *raises*. The road from Budaun to Bisauli is also being metalled. A portion of it has already been done and another is in hand."

The only weekly newspaper published at Budaun is the *Zulkarnain*, but it is not of much importance and its circulation is not large.

A fortnightly paper called the Budaun District Gazette is published from the Collector's office on the 5th and 20th of each month. It is a bilingual paper printed in Urdu and Hindi and contains, besides general news, articles on agriculture, commerce, industries, etc., etc. A monthly magazine called "Risala-i-Shamsul-Ulum" is issued by Maulvi Abdul Majid. It contains articles chiefly on educational and literary matters.

Besides the above, two new benches have been established at

Bisauli and Ujhani. The former has jurisdiction in the whole tahsil of Bisauli and the latter in the police circle of Ujhani. There is also an honorary magistrate of first class sitting singly for the whole of the Budaun district and one of third class for the Bisauli tahsil. There are also five honorary magistrates of second class who sit singly. Three of them have jurisdiction in thanas Budaun, Binawar, Ujhani and Qadarchauk (excluding Ujhani municipality), one has jurisdiction in the Budaun municipality and the fifth has jurisdiction in thana Ujhani and tahsil Sahaswan."
